Thanks Poonam,
I'm also waiting to discuss further with Mr. Witt.

Rob,

I think the comments capture what we had talked about.

Thanks,

Poonam,
I included a comment (r51) that incorporates much of your comment that we discussed. Please take a look at that plus the rest of my edits/revisions for this Chapter and let me know what you think.

I looked at the updated revisions for the Air chapter for LanEast and LanWest, and it does not cause me to change any comments I have made.

Thanks,
Rob
